                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                    |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                           |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                              |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                             |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | Gambar Lampiran Code 10

The screenshot shows a Visual Studio Code window with the following details:

- Title Bar:** File, Edit, Selection, View, Go, Run, Terminal, Help, dosensiswa.php - public_html - Visual Studio Code
- File Explorer:** Shows files like aksi_dosen.php, detailakses.php, detailriwayat.php, dosen.php (the active tab), release Notes 1.68.1, detail.php, editdosen.php, and editriwayat.php.
- Code Editor:** The main area contains PHP code for a date picker. It includes jQuery and Bootstrap imports, a script block for document ready, and a datepicker configuration for the "#gllahir" input field. The datepicker is set to format "dd/mm/yyyy", autoclose true, language 'id', and todayHighlight true. The code also includes logic to switch sections based on the selected section (\$act) and displays a table row for each student (\$dosen) in the default section.
- Status Bar:** In 513, Col 21, Tab Size 4, UTF-8, PHP, Go live, 602 PM, 9/5/2022
- Bottom Taskbar:** Includes icons for search, file operations, and system status.

64     </tr>
65 </tbody>
```

Gambar Lampiran Code 28

The screenshot shows the Visual Studio Code interface with the 'detail.php' file open. The code displays a table structure with various fields like 'Tanggal Lahir', 'Pendidikan', 'Jabatan', 'Status Dosen', 'Golongan', and 'Spesialis Mengajar'. A comment in the code indicates it's for displaying data from another database table.

```
<td>Tanggal Lahir</td>
<td></td>
<td><?php echo $r[tanggal_lahir];?></td>
</tr>
<tr>
<td>Pendidikan</td>
<td></td>
<td><?php echo $r[pendidikan];?></td>
</tr>
<tr>
<td>Jabatan</td>
<td></td>
<td><?php echo $r[jabatan];?></td>
</tr>
<tr>
<td>Status Dosen</td>
<td></td>
<td><?php echo $r[status_dosen];?></td>
</tr>
<tr>
<td>Golongan</td>
<td></td>
<td><?php echo $r[golongan];?></td>
</tr>
<tr>
<td>Status Dosen</td>
<td></td>
<td><?php echo $r[status_dosen];?></td>
</tr>
<tr>
<td>Spesialis Mengajar</td>
<td></td>
<td><?php echo $r[spesial_mengajar];?></td> <!-- cara untuk naik data dari db lain bisa nampil -->
</tr>
</tbody>
</table>
</div>
```

Gambar Lampiran Code 29

This screenshot shows the same 'detail.php' file in Visual Studio Code, but with additional code added below the table. It includes a closing

```
</tbody>
</table>
</div>
</p>

<98>
<99> <div class="tab-pane fade" id="profile_settings">
<100>   <div class="row"></div>
<101> </div>
<102> </div>
<103> </div>
<104> </div>
<105> </div>
<106> </div>
```

Gambar Lampiran Code 30

The screenshot shows a Visual Studio Code window with multiple tabs open. The active tab is 'editdosen.php - public_html - Visual Studio Code'. The code itself is a PHP script for editing a teacher's information. It includes fields for 'kode_dosen' (text input), 'nama_dosen' (text input), 'password' (text input), 'alamat' (text input), 'telpon' (text input), and 'jenis_kelamin' (select dropdown). The 'jenis_kelamin' field has options for 'Pria' and 'Wanita', with 'Pria' being selected by default.

```
<?php  
echo "<div></div>  
<form method=POST action=<a href='mod_dosen.php?act=update'>  
<input type=hidden name=id value='<?php echo $kode_dosen ?>'>  
<table class='table-smal table-wide table-hover'>  
<tr>  
<td>Kode Dosen</td>  
<td><input class='form-control' type=text name=kode_dosen size=18 max=18 value='<?php echo $kode_dosen ?>'></td>  
</tr>  
<tr>  
<td>Nama Dosen</td>  
<td><input class='form-control' type=text name=name size=35 max=100 value='<?php echo $nama_dosen ?>'></td>  
</tr>  
<tr>  
<td>Password</td>  
<td><input class='form-control' type=text name=password size=35 max=35></td>  
</tr>  
<tr>  
<td>Alamat</td>  
<td><input class='form-control' type=text name=alamat size=40 max=100 value='<?php echo $alamat ?>'></td>  
</tr>  
<tr>  
<td>Telpon</td>  
<td><input class='form-control' type=text name=telpn size=15 max=15 value='<?php echo $telpn ?>'></td>  
</tr>  
<tr>  
<td>Jenis Kelamin</td>  
<td><select class='form-control' name=jenis_kelamin>  
<?php if($jenis_kelamin=='Pria') {  
echo "<option value=Pria selected>Pria</option>  
          <option value=Wanita>Wanita</option>";  
}  
else {  
echo "<option value=Melak>Melak</option>  
          <option value=Wanita selected>Wanita</option>";  
}  
echo "</select>  
</td>  
</tr>
```

Gambar Lampiran Code 31

Pada gambar diatas merupakan Source code untuk tampilan edit dosen

This screenshot shows the same Visual Studio Code window as the previous one, but the code has been modified. It now includes a date input field for 'tempat_lahir' and a date picker for 'tgllahir'. There is also a dropdown menu for 'jabatan' (position) with an onchange event that triggers a function named 'pilih_jabatan(this.id)'. The code uses MySQL queries to fetch data for the dropdown.

```
<?php  
| }  
| echo "</select>  
| </td>  
| </tr>  
| <tr>  
| <td>Tempat Lahir</td>  
| <td><input class='form-control' type=text name=tempat_lahir value='<?php echo $tempat_lahir ?>' size=35 max=5></td>  
| </tr>  
<tr>  
<td>Tanggal Lahir</td>  
<td><input class='form-control datepicker' id=tgllahir type=text name=tgllahir size=25 max=50 value='<?php echo $tgllahir ?>' placeholder='Pilih Tanggal Lahir...'\></td>  
</tr>  
| <tr>  
| <td>Pendidikan</td>  
| <td><input class='form-control' type=text name=pendidikan size=25 max=50 value='<?php echo $pendidikan ?>'></td>  
| </tr>  
<tr>  
<td>Jabatan</td>  
<td><select class='form-control' name=jabatan id=id_jabatan onchange='pilih_jabatan(this.id)'>  
<option value=0>Pilih Jabatan</option>  
          <?php mysql_query('SELECT * FROM jabatan ORDER BY jabatan');  
          while ($data=mysql_fetch_array($sql)){  
            echo "<option value='<?php echo $data[jabatan] ?>'><?php echo $data[jabatan] ?></option>";  
};  
echo "</select>  
</td>  
</tr>
```

Gambar Lampiran Code 32

A screenshot of the Visual Studio Code interface. The title bar shows "edidosen.php - public_html - Visual Studio Code". The editor pane displays PHP code for a form to edit teacher information. The code includes dropdown menus for selecting job titles ("jabatan") and salary levels ("golongan"), and a dropdown for selecting teaching specialties ("matakul"). It also includes logic for handling file uploads and displaying error messages. The status bar at the bottom shows "In 4, Col 28 (2 selected) Tab Size: 4 UTF-8 LF PHP Go Live" and the system tray shows "26°C Berawan" and the date "9/5/2022".

```
SIAKAD > modul > mod_dosen > edidosen.php

LAPORAN KEGIATAN KERJA PRAKTIK CREATIVE GAMA STUDIO	
Jalan Tata Bumi Selatan No. 109, Kel. Banyuraden, Kec. Gamping, Sleman, Yogyakarta	
NIM : 20190140001	
Nama : Adelia Pingkan Azzahra	
Dosen Pembimbing KP : Ir. Asroni, S.T., M.Eng.	
Pembimbing Lapangan : Syahli Lilipali, S.Kom	
1. Minggu Ke-1	
Senin, 07 Maret 2022	
Kegitan	Perkenalan dan pembagian tugas perorangan dengan pembimbing lapangan.
Permasalahan	Pembagian tugas project perorangan.
Solusi	Pembimbing lapangan meminta tugas dibagi perorangan, agar setiap orang memiliki tugas yang harus dikerjakan sesuai dengan kemampuan.
Selasa, 08 Maret 2022	
Kegitan	Pemberian tugas melakukan pembuatan dan perbaikan Web E-Learning Sistem Informasi Akademik UNEFA.
Permasalahan	Tampilan yang masih tidak sesuai dengan kebutuhan website.
Solusi	Mengecek template yang ada, lalu membuat rancangan untuk tampilan website. Agar website telihat lebih rapi sesuai dengan kebutuhan website.

Gambar Lampiran 2 1

2. Minggu Ke-2	
Senin, 14 Maret 2022	
Kegitan	Membuat database untuk database dosen.
Permasalahan	Database yang ada masih belum sesuai dengan kebutuhan website dan keinginan yang diminta oleh pembimbing lapangan.
Solusi	Membuat database dosen yang sesuai dengan data yang diminta oleh pembimbing lapangan.
Selasa, 15 Maret 2022	
Kegitan	Pembuatan kode program pada halaman dosen, kemudian memperbaiki table dan button dosen.
Permasalahan	Pada modul dosen belum memiliki tampilan yang sesuai dengan kebutuhan website.
Solusi	Mengubah konsep pada halaman data dosen dan disesuaikan dengan kebutuhan website, seperti mengubah button detail untuk halaman data dosen, dan mengubah table data dosen agar sesuai dengan kebutuhan website.

3. Minggu Ke-3	
Senin, 21 Maret 2022	
Kegitan	Pembuatan kode program untuk detail pada form dosen dan membuat form riwayat keluarga dosen.
Permasalahan	Pada halaman dosen diminta untuk menambahkan detail dan membuat form riwayat keluarga dosen.
Solusi	Content diinginkan ditambahkan dan disesuaikan dengan kebutuhan website.
Selasa, 22 Maret 2022	
Kegitan	Melakukan perbaikan code program kembali pada form riwayat keluarga dosen.
Permasalahan	Tampilan website masih belum sesuai.
Solusi	Melakukan perbaikan dan penambahan pada bagian table, aksi dan detail pada riwayat keluarga dosen.

Gambar Lampiran 2 2

4. Minggu Ke-4	
Senin, 28 Maret 2022	
Kegitan	Pembuatan database jabatan, golongan lalu menambahkan table pada tampilan modul dosen.
Permasalahan	Pada table dosen memerlukan database untuk jabatan dan golongan.
Solusi	Membuat dan menambah database untuk jabatan dan golongan.
Selasa, 29 Maret 2022	
Kegitan	Perbaikan kode program pada modul dosen.
Permasalahan	Form dosen masih belum memiliki jabatan dan golongan dosen.
Solusi	Melakukan perubahan pada beberapa kode program agar form dosen memiliki tampilan yang sesuai dengan kebutuhan website.

5. Minggu Ke-5	
Senin, 04 April 2022	
Kegitan	Melakukan update untuk data dosen pada website.
Permasalahan	Data dosen yang ada pada website masih menggunakan data lama dan belum ditambah.
Solusi	Menambah data dosen pada website UNEFA sesuai dengan template data yang telah diberikan oleh pembimbing lapangan.
Selasa, 05 April 2022	
Kegitan	Melakukan Penyesuaian pada Cpanel.
Permasalahan	Data pada website masih belum diperbarui.
Solusi	Data pada panel disesuaikan dengan keperluan website seperti memperbaiki kode program pada cpanel, lalu menambahkan database pada cpanel agar website dapat memiliki tampilan yang sesuai dengan yang diminta.
